

## British Tennis Membership and Tennis Ratings

As a member of an affiliated tennis club you are entitled to free British Tennis Membership (BTM). This is an arm of the LTA. Clubs are awarded Wimbledon tickets according to the number of BTMs they have so it is in every club's interest to get their members to sign up.

It is also through your BTM membership that you are awarded a tennis rating. This is great for the more competitive players. It is a good vehicle around which box leagues can be arranged at your club. It is important to check the relevant box towards the end of the registration process in order to obtain a rating.

At the beginning of the registration process it looks as if you have to pay something. It only becomes clear later in the process that it is free. Register for British Tennis membership
